## Customer Reviews

I love this book! Thailand is one of my dream destination in Asia, and I love how this book describe in such details each destination and point of interest in all of them. It is better than reading travel blogs with bias description of the traveler which is understandable because it was base on their own experience, on the other hand travel book are quite expensive with not much information or not the one I needed. But with this, I get all the information I want. And the big plus with this book is that, it has a history background of all the places.

I am getting ready to take my second trip to Thailand. On my first trip, I didn't venture very far from Bangkok and this time I want to see the beautiful coastline and travel up north to Chiang Mai. I was looking for an updated guide that would give me some good direction and ideas. As this one just came out, I grabbed it. I'm so glad I did as it has so much interesting and useful information about travel in Thailand. The book is well-organized and provided some great tips that I know will save me both time and money. This is a must read if you are going to the land of smiles.

The author writes with great enthusiasm about this beautiful place, Thailand the land of smiles where tourist can flourish is the beautiful of the place. Lots of my friends already visited Thailand for various reasons, honeymoons, birthdays ext. It seems that Thailand is packed with exciting tourist sites and activities to do, this book is a big comfort to make the most of your time. The important thing is to go through this book and plan ahead what I want to do when and where so that I do not miss anything!

GREAT resource for breaking down what to do, how to do it, where to stay, planning itineraries, how to get around, what to be careful of, EVERYTHING. This book has in fact made my trip to Thailand more stressful because now there is so much more I want to see and don't know how im going to fit it into my schedule! It provides feedback on places to sleep and what accommodations are provided, and feedback good, bad or other. really worth the money!

If you wish to visit Thailand, you must read this book, because it can make the most out of your trip to Thailand. It will help you find out just which cities to visit and which attractions to seek. This book is precisely written with minute details about each tourist locations in Thailand. Get ready for an experience of the unique sights, activities, and attractions of these cities.

Such an impressive travel guide! It's a great resource for breaking down what to do, how to do it, where to stay, planning itineraries, how to get around, what to be careful of everything. This book has in fact made my trip to Thailand more stressful because now there is so much more I want to see and don't know how I'm going to fit it into my schedule! It's so much worth recommending!
