INTERVIEW: 12 Steps To Successful Job Interviews To End Your Job Search, Get Hired (Finding A Job, Google Interview, Interview Skills, Interview Questions, Career Change, Job Interview, Negotiation)

Synopsis

Learn 12 steps to ace ANY job interview! Imagine, you are applying for a job and there's another candidate with the same qualifications and experience gunning for that same position. A common mistake most job seekers make is believing that it's all about their resume. Nothing can be further from the truth. While a resume is very important, it's not the be-all-end-all when it comes to getting that dream job offer. Everything else being equal, employers are making decisions based on what they SEE, HEAR and FEEL. Here are a few things they are looking for: Do they FEEL a sense of connection and rapport? Do they think the candidate would fit in with the company culture? Do the candidate's responses align with what they state in their resume? Does the candidate communicate and present themselves well? These decisions are made based on an interaction that lasts 30 minutes or so. There's much more to nailing that job interview than just your qualifications on paper, to getting the job you crave and the salary you deserve. This book will teach you to be the candidate YOU would hire. *** Read this book for FREE with Kindle Unlimited *** If you want to absolutely ace and dominate those 30 minutes with your interviewer, look no further. This tried-and-tested system is all you need! Here's what you'll learn: Making that resume look great Learn to answer the most popular yet toughest questions, with ease Feeling and projecting a sense of confidence and connection, naturally A detailed action plan on how to physically prepare for your interview Verbal and non-verbal strategies to be in complete control Lots more... If you are serious about getting the job you deserve and being paid what you're worth, invest in yourself by mastering this 12-step system. Scroll up and download now!

Customer Reviews

This book contains all you need to inspire you in focusing on the job you want, giving your very best at the interview/s and getting into your dream job. Many authors write books focusing solely on the interview itself. But this book is different in that it looks at the all important pre-interview preparation stage in order to get you an interview in the first place. This book is a goldmine of information that people at all levels of their career can benefit from. A very inspiring read, full of positivity and possibilities to work on, full of practical advice and common sense. I would certainly recommend this book to anyone preparing for an interview.

Finding a good job that suited you is hard. This book shares some advice to get a better job that you are passionate about. I must agree that once you know the job you applied for and the companies details, I believed that during the interview you will be confident to answer the questions and you can also answer the most important question that what you can give to a company. What skills you have in order to help improve the company. This is helpful for people who seek a job because it shares some helpful website to where you can submit your resume online and received an invitation to apply once you are qualified for the position.

If youâ™re going to impress at interview, you need to prepare thoroughly. This book sets out what to do to prepare, some pointers about how to behave and react in the interview and what you might expect at an interview. Interviewing is a learned skill, and there are no second chances to make a great first impression. So this book i guess i s a great help to improve our interview skills.

Regardless of the position you're trying to get, it's important to thoroughly prepare for the interview. In addition to knowing why you're a good fit for the job, brushing up on basic interview skills is always a good idea.

This book will surely go a long way in helping people who will undergo a very important job interview. I find this book written well, with a clear purpose at hand--to help anyone ace an interview

and land in the job he is dreaming of. The 12 steps given here are realistic and must be understood and followed be thru so that success will be achieved. What is worth mentioning is that this book has also given some points to consider when making a resume. And of course, the cream of the top, the usual but tough questions that an interviewee must comprehend--and how to answer them too. This book is quite a possession, if you will ask me.

Doing a job interview is the most dreaded part in applying for a job. Whether you're aiming for an entry level position or applying for managerial position either way you still have the same feeling of nervousness or fear. This book will give you relevantly good tips on how to cope up with an exhausting interview-that is to be confident and know how to sell yourself. Communication and confidence is the key and most interviewers look for that one thing in every interview. What I like about the book is it provides extensive information from how to handle yourself in an interview to preparing a superb resume that represents you as a package. I definitely recommend this book because you will learn many techniques on how to be equipped before, during and after the interview.

This book covers all aspects of an interview and builds confidence for going to an interview. This book is a must for all serious job seekers who want fast results. It's like a cookbook with easy recipes for success. Not a mystery, not a novel, just really important steps to take to land that job you really really want. I feel like I know what the interviewer is going to ask and how they will approach me, so I can apply for jobs knowing that I have the upper-hand!! Overall a great book and a very good reference for everybody. I would highly recommend it .

I find this book on Interview very comprehensive and profound in giving some tried and tested tips on how to ace job interviews. It will give you relevantly good tips on how to cope up with an exhausting interview-that is to be confident and know how to sell yourself. This book shows you how to focus on the factors of the job, rather than answering questions "correctly". There are no right or wrong answers, just better and worse answers. Having high hopes that I am ready for my future interview after getting tips from this book.

I am having a hard time finding a job nowadays, I really do not know if it is with the competition or is my skills already out of date. And after reading this book, I realized a lot of things. First, my resume does not highlight the skills that I am great at, and this book showed it to me. Second, the 12 steps

are really on point and must be followed not only on the beginning of looking for an interview but with the anticipation to ace the interview and get the job. I love the tips and guides and I learned a lot.
