Robert Frank: Park / Sleep

Synopsis

Following its acclaimed predecessors *Tal Uf Tal Ab* (2010) and *You Would* (2012), *Park / Sleep* is the third in the series of Robert Frank's late visual diaries. It takes up his familiar collage technique, combining new and old snapshots mainly of Frank's friends, family and home/studio, but also scenic and urban settings and interiors. The images are accompanied by short texts--notes, pieces of conversations, poems and thoughts.

Customer Reviews

The book is about his life I guess and it IS ROBERT FRANK so I wonder why he thinks it's important for us to see. If you are a photographer, as I am, you probably have similar pictures that you made. They will never be published because you are not HIM.

Just an intractable artist, not the Robert Frank from *The Americans*, the great photographer we all loved. I don't like this explicit despair.
