Customer Reviews

I never realized the power of marketing for music and what it could do for myself as a musician until I read this book. Now I'm not a big musician and have only put out 2 songs, but they never sold and no one ever heard of them. I know that something had to be done to spread the word and knew that social media was the solution, but never new where to start or what to do. However, this book gave me a strategy and many ideas that I could implement to create a snowballing buzz about my music. Definitely a must read for anyone trying to sell their music!

Music becomes part of our daily lives and being an artist is hard specially if you don't have the equipment needed to promote or market your music. This book helps me to know the things I need to do to market my art on social media sites and how to get those right target customers. Reading

this one educates me a lot with so many things that I haven't learned yet. Marketing is not an easy task but with the help of this book my journey on promoting my book is making a huge leap from the start.

However, this book is the idea that I have a strategy and about my music to create a snowballing movement gave could implement. As you read this, you will be able to know the right strategies in online marketing. A guarantee of sales growth strategies is to follow you. The book on social media sites and how those things I get right on target customers need to do to market my art is to know helps me.

This book is a good source of information for musician and producers who want to increase their fan base using twitter. In this book you will learn everything you need to know in social media music promoting. We all know the world is getting digitalize and social media is one of the most effective way to promote our brands, products and of course we can also promote our music. Sean did a magnificent job on creating a very informative book like this and I commend him for that. Spending my money and time on this book is really worth it!
