here:<http://www.freespirit.com/service-learning-service-projects-a-kids-guide-to-protecting-and-caring-for-animals-cathryn-berger-kaye/> I love the activities in this book. I run a small animal rescue in Georgia and these handouts are great for humane education activities with our youth. But most certainly not for the price they want you to pay here or on eBay. Big thanks to the author and publisher for making it available for free to download.

This is a fabulous book for children and teens. It has a lot of great information on the protection and treatment of animals. Good projects for all to do. Needs to be in all schools.
