National Geographic Angry Birds Seasons: A Festive Flight Into The World's Happiest Holidays And Celebrations

Synopsis

Circle the globe with National Geographic and the Angry Birds as the lovable characters discover and partake in the world's greatest holidays, festivals, and celebrations. The birds will celebrate the Chinese New Year in Beijing before traveling to Venice, Italy for Carnival. The Angry Birds--and readers--will learn all about cultural traditions around the world and come to understand the rituals and customs that go along with celebrating the biggest events of the year. Archival and modern National Geographic photography will accompany the text, and "Festive Facts" will give the book a distinctive visual style that is unique to National Geographic. This is the fifth book that National Geographic and Angry Birds creator, Rovio, have partnered on to bring education and entertainment to readers of every age.

Customer Reviews

I got this book from the library because my son is obsessed with Angry Birds--and was surprised how much I enjoyed reading it with him. The Angry Birds are just the "hook" to get kids reading a great non-fiction book about a variety of celebrations from all over the world--from familiar holidays like Mother's Day and Thanksgiving to a Chinese holiday that involves climbing a tower of dumplings and a festival in Niger where young men compete in a beauty and dance pageant that's

judged by the women. There's only one page about each holiday (along with a photo) but it's a great overview of both traditional and wacky celebrations.

My 6 year old LOVES this book!! He loves angry birds and is really into holidays. It has a lot of detail that goes over his head, but that means he will enjoy it again when he is older and understands everything.

This is a book that tells about all the different festivals. It was very informative and made you want to take part in the festivals.

Gift for young boy that likes this series.
