# How To Become A Professional Photographer: An Essential Guide To Creating A Successful Career In Photography

Synopsis

If photography is your passion and youâ ™re considering pursuing it as a career, then this book is for you!Read on your PC, Mac, smart phone, tablet, or Kindle device.Chances are, youâ ™ve been taking photos for a while now, and you hear comments like these all the time: â œThis is so good you should be getting paid,â • or, â œYou should quit your day job and start a photography business.â • While I wouldnâ ™t quite suggest taking that last line of advice just yet, if photography truly is your passion, why not consider making it your career? This book is designed to help you get started on the road to success. Not only are we going to discuss the basic principles of business, but we're also going to apply these specifically to the world of photography. You're going to get a taste of the difference between a career in commercial photography versus one in fine art photography, as well as some tips and avenues for entering both. And because you'll need to learn how to market your business and brand yourself for success, I'll even give you tips on how to ensure you'll stand out from the crowd with your own personal tweaks.So if you're ready to explore the possibility of turning your hobby into a lucrative career, then let's get started!Here Is A Preview Of What You'll Learn...Fine Art Versus Commercial PhotographyBeing YourselfBranding YourselfMarketing for SuccessDetermining Overhead CostsEstablishing a Pricing StructureMuch, much more!Download your copy today!

Customer Reviews

This is a pretty amazing guide for someone who want to become a professional photographer...learn about establishing a price structure, branding your business and the basics of setting up the business inclusive of overheads and other vital information.Overall this makes a very good guide for persons who are practicing photographing as a hobby and want to become a professional of for persons who have an interest in Photography as a business.

A great book, covering the topics that every budding professional photographer should know. Subjects such as branding, marketing and pricing are all included and although this book is short the author focuses on providing the core information needed, which makes for a great reference guide.This is a book that will certainly help forge a career as a photographer.

Extremely useful book on how to become a professional photographer. Plenty of references, easy to read guides through every process, alternate approaches, and just tons of techniques. it's so comprehensive, as well as being easy enough to understand for those who are relatively new to photoshop. I highly recommend this book!
