ObamaCare Survival Guide: The Affordable Care Act And What It Means For You And Your Healthcare

Synopsis

We Read the Law So You Don't Have To The practical handbook to making good decisions in our changing healthcare marketplace. At over 2,700 pages - with an additional 20,000 pages of regulations -the ObamaCare law is longer than the Bible, with many more rules. Rules that will, in the words of the president, "fundamentally transform" healthcare in America. What no one explains is if the transformation will be a good one or a bad one. And that's why the ObamaCare Survival Guide is so important to you right now. Because what you don't know can hurt you. For example, can you answer these vital questions? 1. Do you know how the rollout of ObamaCare will affect your relationship with your doctor? 2. What is the law's impact on Medicare? 3. If your health insurance was cancelled, what options do you have now? Having trouble with the answers? You aren't alone. But if you care about your health and your family's health, you have three choices: Read and study all 22,700 pages Hire your own personal ObamaCare lobbyist Buy a copy of the best-selling ObamaCare Survival Guide: 229 pages of vital information that will govern your healthcare today and tomorrow. The ObamaCare Survival Guide is a critical resource for every American whether you have health insurance or not.

Customer Reviews

Ok, to preface, I feel I should disclose that I am all over the place when it comes to politics.

Pro-Gun, Anti-GMO, etc. I kind of just bounce around depending on the topic. I do believe everyone should have the right to affordable Healthcare though. So while this book isn't really directed at me in that regard, I actually found a lot of useful information in it. And I didn't even read it by choice, my

boss had me read it as background for part of a blog post he wanted written for the company website. The ObamaCare Survival Guide isn't really a Survival Guide. So I do think it's misnamed. But the sub-title of "The Affordable Care Act and What It Means for You and Your Healthcare" is actually a little more accurate. This is a brief (although biased) guide to the new Healthcare laws coming into effect. There are several different sections; "Welcome to ObamaCare", "ObamaCare: What It Means for You", "ObamaCare: A Multiyear Timetable", "Health Insurance: Radical Changes Ahead", "The Individual Mandate", "The Expansion of Medicaid", "Health Insurance Exchanges", "Incentives for Small Businesses", "More Benefits, Higher Costs", "Turning the Screws on Medicare", "Cost Control Experiments", "Making Americans Healthier", "Long-term Care", "ObamaCare, Etc.", "ObamaCare's Price Tag", "Protect Yourself Against ObamaCare", and the appendices. As you can tell from the titles of these chapters, the book tries to go into explanation on each part of the new Healthcare law. A lot of it is summary and supposition, but there are genuine facts from the law in here. I especially found the section on Long-Term care to be informative. Especially where it described the new laws that would monitor care at Nursing Homes and make a report available to the public.
